

	ATIVIDADE AVALIATIVA 1º BIMESTRE	COMPONENTE CURRICULAR Inglês
Data: 11 / 03 / 2022.	Teacher Claudia Ramos	Classe: 3º ano MB
Aluno: Eduardo Santana Santos		
CRITÉRIOS: - clareza de ideias / relacionamento de conceitos		
Bases Tecnológicas: Interpretação de texto / Simple past		

Did you know?

Leonardo da Vinci **wrote** from right to left - you needed a mirror to read his handwriting.

He was a genius - he could write one sentence with his right hand and a different sentence with his left hand.

He invented scissors.

He **drew** architect's plans but never **built** a building.

He **lost** most of the paintings and drawings he **did** in Milan.

He **had** many talents. He **made** models and in his notebooks there were plans for a tank, a helicopter and a submarine.

His scientific observations were a hundred years before his time.

1. Find in the text, the past of these verbs: write, make, have, build, lose, do, draw.

2. Complete using the verbs in parentheses.

Marie Curie was (**be**) a physicist and a chemist. She began (**begin**) her studies in Poland but in 1891 she left (**leave**) for France. She studied (**study**) there and later worked (**work**) as a scientist at the Sorbonne in Paris. She met (**meet**) and married (**marry**) a French scientist, Pierre Curie. They had (**have**) two children, Irene and Ewa. Maria and Pierre discovered (**discover**) two radioactive elements, radium and polonium. Pierre died (**die**) in 1906 in an accident in Paris. Maria got (**get**) two Nobel Prizes, in 1903 and in 1911. She died (**die**) in 1934.

3. Translate these false cognates:

- a) College - **faculdade**
